The Best of Google's Apps 4 Weeks

Members: \$15; Non- \$25

Wednesday 10AM – 12 Noon
Class begins July 12 and ends August 2

July 12: Google's More – Bob Sellards

July 19: Earth – Jack Schnabel

July 26: Maps – Barbara Harris

August 2: Photos – Joel Goldstein

Google offers more than a web [search](#) engine that lets you find sites and information on the World Wide Web based on keyword searches. They have developed an integrated package of Apps to meet almost any users computing needs. This class will cover some of the most popular of their (always free) Apps: Earth, Maps plus either Mail, Calendar or Photos and Google More.

*Prerequisite: must have a Gmail account; **Please bring your user name and password to each class session.** If you need help setting up an account, a Supervisor in the PC workshop will gladly assist you.*

Improving your PC Knowledge and Skills 3 Weeks
Members: \$10; Non-\$15

Instructor: Bob Sellards

Thursday 1:30 - 3:30 PM
Class begins July 13 and ends July 2

This course is based upon presentations of Computing topics by experts (who are *also* Seniors) on a broad variety of subjects. At least 3 topics will be chosen from the list below; selections will partially depend upon the interests and experience level of the group. A weekly handout will be provided; discussion and questions will occur during and after each session.

Windows 10 and Your Privacy

Care and Feeding of Your PC (7;8.1 or 10) Do You Do Windows? (*Maintenance!*)

How Secure Is My Device? (PC, tablet, Smart Phone)
