Google Earth Pro – Presentation Outline

Presenter: Jack Schnabel

rev. 9/5/17

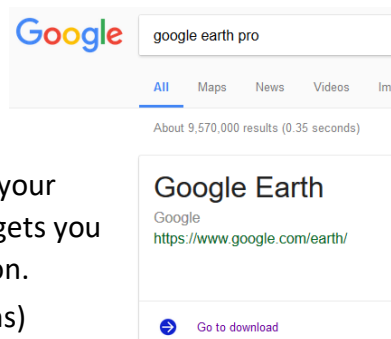

This presentation offers an introduction to Google Earth Pro for desktop and laptop computers. The information is presented for the general user, covering functions we would use for our everyday information and enjoyment.

Topics:

1. Downloading the correct version of Earth Pro
2. A discussion of the main screen functions
3. Searching
4. A closer look at several main screen functions
5. Understanding and using Layers
6. The world at your fingertips
7. Summary and recap

For downloading

Enter search: Google Earth Pro

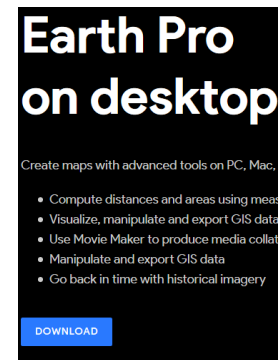

Caution:

This is probably your first result, and gets you the online version.

(limited functions)

#1 Find and select:

Earth Pro on Desktop – Google Earth
