If a statue in the park of a person on a horse has both front legs in the air, the person died in battle. If the horse has one front leg in the air the person died as a result of wounds received in battle. If the horse has all four legs on the ground, the person died of natural causes.

Coca-Cola was originally green, it is impossible to lick your elbow, every day more money is printed for Monopoly than the US Treasury, the cost of raising a medium-size dog to the age of eleven: \$6,400 and intelligent people have more zinc and copper in their hair.
