Create Customized Slide Shows

for family, friends, business or just for fun.

BURT GOLDSTEIN

will demonstrate how to create CDs, DVDs, and Video CDs that play on your TV or computer with ProShow Gold from Photodex Corporation.

- Store your shows on your Website or space provided free on Photodex Website.
- Autorun CDs can be created that can be sent to others which automatically start when put into a computer.
- Select from over 280 transitions which add to the final touch and more than 70 caption effects are also available.
- Easily include background music and voice overlay.
- The ProShow Gold program also provides the Ken Burns effect which enables you to zoom in on slides or pan across a slide.

See and hear a short “Family” slide show created for you on the evening of the meeting.
