

NEXT GENERAL MEETING

Monday, MAY 17, CH#3 at 6:30 pm

EBay

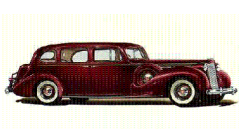

Enjoy the fun of an Auction on a PC

At our May 17th Monday Night Meeting, Anne Clark will tell us about the features of eBay, the scope of items available, and how you can use the system.

Additionally, she will show a "live" example of bidding on an item.

Come and learn how this very successful company has made it easy for everyone to participate using their PC, and reliably buy and sell thousands of different items on the Internet.

Attendance prizes will be offered.
