## You know you're living in 2005 when:

1. Your reason for not staying in touch with friends and family is that they don't have e-mail addresses.
2. When you make phone calls from home, you accidentally dial "9" to get an outside line.
3. Every commercial on television has a website at the bottom of the screen.
4. You start tilting your head sideways to smile.
5. . Even worse, you know exactly to whom you are going to forward this message.

### LWPCUG APRIL, 2005 BOARD MINUTES (Continued)

**Web Site – Anne Clark:** Anne requested that we try to download the Leisure Bytes from the Web Site to determine if there is a problem. She is working on solving the problem. Roger suggested that the Board picture be removed as it is out of date.

**Broadband - Roger Turner:** Roger announced that there will soon be Broadband access at all the club-houses.

There being no further business, the meeting was adjourned at 5:05 P.M.

Lydia Savedoff. Secretary
