STOCK TICKER

Tracking your stocks: like to keep an eye on the stock market?

StockMat offers a free stock ticker that runs on your desktop. Quotes are delayed 15 minutes, but you can set price alerts. It will even give daily stock charts.

When you're downloading the stock ticker, check out **Eye on the Market** or click **CBS Radio Report**. Here you can get tips on stocks worth researching and you can start by linking directly to CBS business reports' audio clips.

Unfortunately, the stock ticker requires an always-on connection. But everyone can hear the advice!
