

NEXT GENERAL MEETING

Monday June 20 CH#3 at 6:30 pm

This meeting will feature Microsoft representative Matt Berg who will speak to us about some new Microsoft programs. Matt has presented several programs for us in the past and has proved to be an engaging speaker whose material is interesting and well received. He will be available to answer questions as well.

Make sure to bring your membership cards to be eligible for the door prize drawing at the end of the meeting. As always, refreshments will be served after the meeting. Remember, the June meeting will be the last Monday night meeting until September. We are “dark” in July and August.

SIG MEETING SCHEDULE

May/June 2005

Question: What is a SIG?

Answer: The letters SIG stand for the term ‘SPECIAL INTEREST GROUP’ which means exactly what it says. Each of these meetings concentrates on one topic only. The topic may appeal to a small group of people only. Hence the name Special Interest Group or SIG.

The LWPCUG presents these SIGS in the Justin Webb Learning Center located on the third floor of the Community Center Building. The dates and times may vary (see schedule below). Meetings are limited to the first fifty four people who are seated. Others will be turned away. There is no charge to attend these meetings. Everyone is welcome. The next four meetings are:

Saturday, May 21, 1:00pm. "EXCEL" with Marcel Behar

Friday, May 27, 3:30pm. "INTERNET E/MAIL with Norm Salzberg

Saturday, May 28, 1:00pm. "PAINT ON YOUR COMPUTER" with Mel Dollar

Saturday, June 4, 1:00pm. "DIGITAL PHOTO 101" with Russ Johnson
