

Microsoft Word - A New Platform and Way to Learn And Grow - Class
- 4 weeks
Wednesdays 10:00 to Noon from January 20th through February 10th
Instructor: Linda Engdahl

Want to try something new? I am offering a class on Microsoft Word which will be developed according to your needs. You'll let me know what you want to learn, and I'll prepare each session accordingly.

This one will be online, so we'll learn & grow together, in a new way. We'll start with the basics and then go into the things you've wanted Word to do for you, but just haven't been able to conquer.

This will be a 3-week course, with a 4th as a possibility, if we need "just one more class." Let's have some FUN while we work through this crazy time of life. And guess what? No masks needed! YAY!
